OUR VISION

It is a premier Institute which runs under well established society named DURLAV FOUNDATION reg. no. DAR/247/K/46 of govt. of Assam. We treat and teach every student as in a family and holistic atmosphere. As plant needs favorable condition to grow up, in the same way we will take our students practically as well as theoretically encouraging them with heartfelt of new thought and changes. We follow both practical and theoretical. We ensure to increase their potential, enthusiasm bright future and the support of Universal law. The development of our country depends on our physical, mental, spiritual, moral, intellectual, awareness and love from motherland of our future generation. We have been teaching our students in the direction to give them proper education for their all round development. Our vision is clear, ambition is high but our application is slow and steady. We hope to get success in due course of time.

OUR MISSION

Our mission is clear. Gurukul Group of Educational Wing has a distinct aim in the field of education. We do not believe in cramming some readymade stuff and secure good marks in the examination, rather we strongly believe in slow and steady indigenous method of teaching subject which gives basic concept and better understanding of life. We sincerely believe that our student should understand each and every word and sentence while they are reading any content. We provide proper career counselling that student never divert from their desire goal. Provide education that transform lives, improve society and provide a foundation for a lifetime of learning.

FOUNDER & DIRECTOR

It is a matter of immense happiness and pride on my part to write a few lines as the Head of this great institution, Gurukul Group Of Educational Wing, at this stage of my life by the grace of Almighty who is the Creator of this vast universe. "Education" i.e. spreading of "Knowledge" which bears the meaning of "power" has got a great impact on the society in which we live. We know that "A pen is mightier than a sword" "Education" in the true sense of the term can be imparted only by the institute of great repute.

So far my knowledge is concerned. "Gurukul Group Of Educational Wing" is such an institution where all the basic needs, particularly building character with attractive behaviour - in regard to moral, intellectual and spiritual, by the students who are the future nation builders of this vast country of ours, are being imparted with utmost care by highly qualified faculties in different branches of study.

To my estimation and long experience, I have come to know that "Teaching profession" is the noblest and most respected profession in the world and our faculty members who being sufficiently qualified in this field are also rendering their level best to mould the character of the students. Myself also trying my best with utmost efforts of the teachers to make the academic scenario of this academy to have brilliant results with the flying colours.

The authority has entrusted upon me with the greatest responsibility for the upliftment of the academic performances of the students/Every one of us must think; the principle of 3H - (i) Head (ii) Heart and (iii) Hand. We are to think what is to be done (ii) by Heart i.e. mind, we are to take decision and at fast by (iii) 'Hand - toe are to do the things to materialise.

I do hope, with the active co-operation by the teachers, guardian and management and by the grace of Almighty, we shall be able to achieve our cherished goal which is a crying need of the hour. May God help us all.

The development of our country depends on our physical, mental, spiritual, moral, intellectual, awareness and love for motherland of our future generation. We have been teaching our students in the direction to give them proper education for their all round development. Our vision is clear, ambition is high but our application is slow and steady. We hope to get success in due course of time.

With warm regards
Durlav Sarkar

ADVISOR'S MESSAGE

Gurukul Group of Educational Wing is a model school of locality of Na-Howly, Punia, town-Mangaldoi, District- Darrang which has a good teaching staff. I have observed the past four years progress of the institution. It is tremendous; the students covering from class nursery to class XII have been acquiring outstanding performance so far.

It has given me much pleasure that being an advisor and parent, I have observed the facilities of extracurricular activities such as PT, sports and it also has many laboratories and library. The library is playing a role of useful institution for the students. The teachers are in intimate touch with the students which is very important. A man must have good health to lead a happy and comfortable life. The best way to keep good health is to exercise the body regularly. Facilities of PT and sports classes have been helping in this respect.

I hope being a member of this prestigious institution; I must try to uplift the institution the best not only in Assam but also in the country.

With warm regards
Sri Mridul Deka
